Colours are taken from the Sullivans Embroidery Floss range.

Please feel free to use yarn colours that you can find which closely match the listed colours. The Sullivan's strand name gives a good colour description to find a good match. This is particularly helpful if you cut your own strands for latch hook.

The Stitch Count shows the number of stitches or holes for each colour in the pattern.

The background colour, symbol "0" in this pattern is a light blue. Change it to suit whatever mood you want as it is not an integral part of the whole pattern.
